Allowable Subject Matter

Claims 1-32 are allowed.

The following is an Examiner's statement of reasons for allowance:

Claims 1-32 are considered allowable since when reading the claims in light of the specification, none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims including

transmitting an identifier of the given mobile station and an identifier of the source base station controller from the source base station controller to other base station controllers, if the given mobile station makes a transition to a dormant state; and storing, in the other base station controllers, the identifier of the given mobile station and the identifier of the source base station controller from the source base station controller in a pointer lookup table as cited in claims 1, 8, 20, 26.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
